

Speed Queen Homestyle Stack Dryer and Washer

LSLE5AGW543NW23

A proven performer

For more than a century Speed Queen has been focused on laundry, we know what it takes to deliver a machine with long-lasting strength, durability and performance like no other.

Built better to last longer

Speed Queen homestyle dryers are uniquely quiet making them ideal for use in any densely populated areas. Additionally for convenience and to help with the efficient provision of a superior service, they feature an extended tumble that helps eliminate wrinkling by tumbling for two minutes at 20 minute intervals if the door isn't opened.

Commercial Grade Controls

Laundry is all we do, and we do it better than anyone else in the world. For decades, we've been designing, building and testing controls the same way we do our machines: for unmatched, longer-lasting performance. Tested to endure through virtually every event that typically causes malfunction, Speed Queen controls are durably designed to last in the harshest commercial environments — and last even longer in your home. We're so confident in our controls that we back our electronic models with an industry-best warranty on all parts and in-home labor.

Specifications

Speed Queen Homestyle Stack Dryer and Dryer

Model	LSLE5AGW543NW23
General details	
Control	HEC
Control location	Front 10 degree
Actuation	None
